KARATINA UNIVERSITY

SCHOOL OF BUSINESS, ECONOMICS AND TOURISM

DEPARTMENT OF POLITICAL SCIENCE AND PUBLIC ADMINISTRATION

COMPREHENSIVE EXAM QUESTION BANK

Bachelor of Arts in Political Science

Compiled for First-Year Foundation and Core Units

Units Covered:

1. PSC 101 – Introduction to Political Science
2. PAD 101 – Introduction to Public Administration
3. HSC 101 – Contemporary Health Issues
4. ICL 101 – Information Literacy
5. ARW 101 – Academic Reading and Writing
6. SSC 101 – Introduction to Social Science
7. PSC 102 – Fundamentals of Political Science

Practice Questions Only — No Answers Provided

For Revision and Self-Assessment Purposes

Academic Year 2026/2027

TABLE OF CONTENTS

Front Matter

General Instructions to Candidates

Unit 1: PSC 101 – Introduction to Political Science

- Section A: Multiple Choice Questions (Q1–10)
- Section B: Short Answer Questions (Q11–20)
- Section C: Essay Questions (Q21–30)

Unit 2: PAD 101 – Introduction to Public Administration

- Section A: Multiple Choice Questions (Q1–10)
- Section B: Short Answer Questions (Q11–20)
- Section C: Essay Questions (Q21–30)

Unit 3: HSC 101 – Contemporary Health Issues

- Section A: Multiple Choice Questions (Q1–10)
- Section B: Short Answer Questions (Q11–20)
- Section C: Essay Questions (Q21–30)

Unit 4: ICL 101 – Information Literacy

- Section A: Multiple Choice Questions (Q1–10)
- Section B: Short Answer Questions (Q11–20)
- Section C: Essay Questions (Q21–30)

Unit 5: ARW101 – Academic Reading and Writing

- Section A: Multiple Choice Questions (Q1–10)
- Section B: Short Answer Questions (Q11–20)
- Section C: Essay Questions (Q21–30)

Unit 6: SSC 101 – Introduction to Social Science

- Section A: Multiple Choice Questions (Q1–10)
- Section B: Short Answer Questions (Q11–20)
- Section C: Essay Questions (Q21–30)

Unit 7: PSC 102 – Fundamentals of Political Science

- Section A: Multiple Choice Questions (Q1–10)
- Section B: Short Answer Questions (Q11–20)
- Section C: Essay Questions (Q21–30)

GENERAL INSTRUCTIONS TO CANDIDATES

1. This exam bank has been compiled to support revision for students of Political Science and related programmes at Karatina University.

2. Each unit contains thirty (30) practice questions organized into three sections: Section A (Multiple Choice Questions), Section B (Short Answer Questions) and Section C (Essay Questions).

3. Space has been provided after each question for candidates to write out their responses during practice.

4. No answers or marking schemes are provided in this bank. Students are encouraged to consult their course lecturers, unit outlines, prescribed textbooks and library resources to develop and verify their answers.

5. For Section A, circle or underline the letter corresponding to the most correct option.

6. For Section B, responses should be concise, well-organized and should demonstrate a clear understanding of the concept being tested.

7. For Section C, responses should be developed as full essays with a clear introduction, well-argued body paragraphs supported by relevant examples and literature, and a logical conclusion.

8. Candidates are advised to manage their time appropriately when using this bank under timed, examination-style conditions.

9. Academic integrity should be observed at all times; this material is intended solely for personal revision and self-assessment.

10. All the best in your examination preparation.

UNIT 1

PSC 101

INTRODUCTION TO POLITICAL SCIENCE

Structure of this Unit's Question Bank

Section A — Multiple Choice Questions: 10 questions, each with four options (A–D).

Section B — Short Answer Questions: 10 questions requiring concise, structured written responses.

Section C — Essay Questions: 10 questions requiring detailed, well-argued essay responses.

Total: 30 questions. Writing space has been provided for practice under this unit. No answers are provided.

SECTION A: MULTIPLE CHOICE QUESTIONS

Instruction: Read each question carefully and choose the correct answer by underlining or circling the letter of your choice.

1. Which of the following best defines political science as an academic discipline?

A. The study of economic systems and markets
B. The systematic study of government, power and political behavior
C. The study of historical events only
D. The study of religious institutions and doctrine

2. The English word "politics" is derived from which Greek word?

A. Polis
B. Demos
C. Kratos
D. Ethnos

3. Which approach to the study of politics focuses on formal institutions such as constitutions and legal structures?

A. Behavioral approach
B. Institutional approach
C. Systems approach
D. Marxist approach

4. Who is popularly regarded as the "Father of Political Science"?

A. Plato
B. Aristotle
C. Niccolo Machiavelli
D. Jean-Jacques Rousseau

5. Which of the following is NOT considered a sub-field of political science?

A. Comparative politics
B. International relations
C. Political theory
D. Organic chemistry

6. The behavioral revolution in political science placed greatest emphasis on:

A. Legal-constitutional analysis
B. Empirical observation of political behavior
C. Historical narrative alone
D. Religious doctrine

7. Which concept refers to the legitimate use of coercive force within a defined territory?

A. Sovereignty
B. Authority
C. The State
D. Power

8. Max Weber defined the state primarily in terms of:

A. A monopoly of the legitimate use of physical force
B. Economic control of resources
C. Cultural unity of its people
D. Religious authority

9. Which of the following is a key feature that distinguishes the state from other associations?

A. Voluntary membership

B. Sovereignty

C. Profit motive

D. Temporary existence

10. The systems approach to political analysis, with concepts such as inputs and outputs, was popularized by:

A. David Easton

B. Karl Marx

C. John Locke

D. Harold Lasswell

SECTION B: SHORT ANSWER QUESTIONS

Instruction: Answer the following questions concisely in the space provided. Each question carries equal marks.

11. Define political science and explain its scope as an academic discipline.

_____

_____

_____

_____

_____

_____

_____

12. Distinguish clearly between power, authority and legitimacy.

13. Explain the relationship between political science and other social science disciplines.

14. Discuss the significance of the state as a central concept in political science.

15. Outline the major approaches used in the study of political science.

16. Explain the concept of sovereignty and identify its main types.

17. Discuss the role of political culture in shaping political behavior.

18. Differentiate between political science as an art and political science as a science.

19. Explain the importance of studying comparative politics.

20. Discuss the contribution of behavioralism to the development of modern political science.

SECTION C: ESSAY QUESTIONS

Instruction: Answer the following questions in essay form. Support your answers with relevant examples, theories and, where appropriate, references to the Kenyan and wider African context.

21. Critically examine the nature and scope of political science as a social science discipline.

22. "Political science is both a science and an art." Discuss this statement with relevant examples.

23. Discuss the various theories that explain the origin of the state.

24. Examine the major sub-fields of political science and assess their relevance to governance.

25. Analyze the contribution of the behavioral and post-behavioral approaches to the study of politics.

26. Discuss the concept of power and examine its role in political analysis.

27. Examine the relationship between political science and public policy analysis.

28. Critically discuss the challenges facing the study and practice of political science in developing countries.

29. Analyze the role of the modern state in shaping political, social and economic life.

30. Trace the evolution of political science as an academic discipline from antiquity to the present day.

UNIT 2

PAD 101

INTRODUCTION TO PUBLIC ADMINISTRATION

Structure of this Unit's Question Bank

Section A — Multiple Choice Questions: 10 questions, each with four options (A–D).

Section B — Short Answer Questions: 10 questions requiring concise, structured written responses.

Section C — Essay Questions: 10 questions requiring detailed, well-argued essay responses.

Total: 30 questions. Writing space has been provided for practice under this unit. No answers are provided.

SECTION A: MULTIPLE CHOICE QUESTIONS

Instruction: Read each question carefully and choose the correct answer by underlining or circling the letter of your choice.

1. Public administration is primarily concerned with:

A. Private business management
B. The implementation of government policy
C. Religious governance
D. International trade alone

2. Who is widely regarded as the father of Public Administration as a field of study?

A. Woodrow Wilson
B. Max Weber
C. Henri Fayol
D. Frederick Taylor

3. Which model of bureaucracy emphasizes hierarchy, formal rules and impersonality?

A. Weberian model
B. Human relations model
C. New Public Management model
D. Systems model

4. The Politics-Administration Dichotomy was first proposed by:

A. Woodrow Wilson
B. Luther Gulick
C. Max Weber
D. Herbert Simon

5. The acronym POSDCORB, describing the functions of administration, is associated with:

A. Luther Gulick
B. Max Weber
C. Woodrow Wilson
D. Frederick Taylor

6. Which of the following is a core principle of bureaucracy according to Max Weber?

A. Nepotism
B. Hierarchy of authority
C. Personal favoritism
D. Informality of procedure

7. New Public Management as a reform philosophy mainly emphasizes:

A. Rigid hierarchy
B. Market-oriented reforms and efficiency
C. Centralized command
D. Rule-bound procedure only

8. Decentralization in public administration refers to:

A. Concentration of power at the center
B. Transfer of authority to lower levels of government
C. Elimination of administrative authority
D. Privatization of all public services

9. Which of the following is a key function of public administration?

A. Policy formulation only
B. Policy implementation
C. Judicial review
D. Electoral campaigning

10. The term "red tape" in public administration commonly refers to:

A. Excessive bureaucratic rules and procedures
B. Fast administrative decision-making
C. Employee motivation programs
D. Budget allocation formulas

SECTION B: SHORT ANSWER QUESTIONS

Instruction: Answer the following questions concisely in the space provided. Each question carries equal marks.

11. Define public administration and explain its scope as a field of study.

_____

_____

_____

_____

_____

_____

_____

12. Distinguish between public administration and private administration.

13. Explain the significance of the politics-administration dichotomy.

14. Discuss Max Weber's characteristics of an ideal-type bureaucracy.

15. Explain the concept of accountability in public administration.

16. Discuss the meaning and importance of decentralization in administration.

17. Explain the principles of organization outlined by Luther Gulick in POSDCORB.

18. Discuss the major challenges facing public administration in developing countries.

19. Explain the role of public administration in national development.

20. Distinguish between centralization and decentralization, giving examples.

SECTION C: ESSAY QUESTIONS

Instruction: Answer the following questions in essay form. Support your answers with relevant examples, theories and, where appropriate, references to the Kenyan and wider African context.

21. Critically discuss the evolution of public administration as a field of academic study.

22. Examine the continued relevance of Weberian bureaucracy in contemporary public organizations.

23. Discuss the politics-administration dichotomy and the criticisms that have been raised against it.

24. Analyze the principles of New Public Management and assess their applicability in developing countries.

25. Critically examine the challenges of public service delivery in Kenya today.

26. Discuss the role of ethics, transparency and accountability in public administration.

27. Examine the impact of devolution and decentralization on public service delivery.

28. Discuss the tools and techniques used in public administration for effective management of resources.

29. Analyze the relationship between public administration and public policy formulation and implementation.

30. Critically assess the future of public administration in an era of globalization and digital technology.

UNIT 3

HSC 101

CONTEMPORARY HEALTH ISSUES

Structure of this Unit's Question Bank

Section A — Multiple Choice Questions: 10 questions, each with four options (A–D).

Section B — Short Answer Questions: 10 questions requiring concise, structured written responses.

Section C — Essay Questions: 10 questions requiring detailed, well-argued essay responses.

Total: 30 questions. Writing space has been provided for practice under this unit. No answers are provided.

SECTION A: MULTIPLE CHOICE QUESTIONS

Instruction: Read each question carefully and choose the correct answer by underlining or circling the letter of your choice.

1. Which of the following is classified as a non-communicable disease?

A. Malaria
B. Diabetes
C. Tuberculosis
D. Cholera

2. HIV/AIDS is primarily transmitted through:

A. Airborne droplets
B. Body fluids
C. Contaminated water
D. Insect bites

3. The World Health Organization defines health as:

A. The absence of disease only
B. A state of complete physical, mental and social well-being
C. Physical fitness only
D. Freedom from pain

4. Which of the following is a major risk factor for lifestyle diseases?

A. Physical inactivity
B. Vaccination
C. Handwashing
D. Exclusive breastfeeding

5. Universal Health Coverage (UHC) primarily aims to ensure:

A. Free healthcare for the wealthy only
B. Access to quality health services without financial hardship
C. Private insurance for everyone
D. Hospital construction only

6. Which of the following diseases is vector-borne?

A. Malaria
B. Diabetes
C. Hypertension
D. Cancer

7. Mental health disorders are best described as conditions that primarily affect:

A. Only physical strength
B. Mood, thinking and behavior
C. Purely physical organs
D. Only contagious individuals

8. Which of the following is an example of a reproductive health issue?

A. Maternal mortality
B. Diabetes
C. Asthma
D. Arthritis

9. The primary goal of public health, as opposed to clinical medicine, is to:

A. Treat individual patients only
B. Promote and protect the health of populations
C. Sell pharmaceuticals
D. Build hospitals only

10. Which of the following is considered a social determinant of health?

A. Income and education level
B. Blood type
C. Eye color
D. Height

SECTION B: SHORT ANSWER QUESTIONS

Instruction: Answer the following questions concisely in the space provided. Each question carries equal marks.

11. Define health and explain the concept of holistic well-being.

12. Discuss the growing burden of non-communicable diseases in Kenya.

13. Explain the social determinants of health and their impact on populations.

14. Discuss the significance of Universal Health Coverage for developing countries.

15. Explain the major challenges facing maternal and child health in developing countries.

16. Discuss the impact of mental health issues on national productivity.

17. Explain the key strategies for prevention and control of communicable diseases.

18. Discuss the role of nutrition in promoting public health.

19. Explain the concept of health equity and access to healthcare services.

20. Discuss the effects of substance and drug abuse on public health.

SECTION C: ESSAY QUESTIONS

Instruction: Answer the following questions in essay form. Support your answers with relevant examples, theories and, where appropriate, references to the Kenyan and wider African context.

21. Critically discuss the major contemporary health challenges facing Kenya today.

22. Examine the causes, effects and prevention strategies of lifestyle diseases.

23. Discuss the role of government policy in addressing public health crises.

24. Analyze the impact of HIV/AIDS on the socio-economic development of a nation.

25. Critically examine the state of mental health services and stigma in society.

26. Discuss the challenges and prospects of achieving Universal Health Coverage in Kenya.

27. Examine the relationship between poverty and poor health outcomes.

28. Discuss the role of health education and public awareness campaigns in disease prevention.

29. Analyze the impact of environmental factors on public health outcomes.

30. Critically assess the preparedness of health systems to manage pandemics, drawing lessons from COVID-19.

UNIT 4

ICL 101

INFORMATION LITERACY

Structure of this Unit's Question Bank

Section A — Multiple Choice Questions: 10 questions, each with four options (A–D).

Section B — Short Answer Questions: 10 questions requiring concise, structured written responses.

Section C — Essay Questions: 10 questions requiring detailed, well-argued essay responses.

Total: 30 questions. Writing space has been provided for practice under this unit. No answers are provided.

SECTION A: MULTIPLE CHOICE QUESTIONS

Instruction: Read each question carefully and choose the correct answer by underlining or circling the letter of your choice.

1. Information literacy primarily refers to the ability to:

A. Type quickly on a keyboard
B. Locate, evaluate and use information effectively
C. Memorize large volumes of facts
D. Write essays only

2. Which of the following is an example of a primary source of information?

A. A textbook
B. An original research article or diary
C. An encyclopedia entry
D. A review article

3. A library catalog is primarily used to:

A. Search for books and resources within the library
B. Browse the internet generally
C. Print documents
D. Write reports

4. Which of the following is an example of a scholarly database?

A. Google
B. JSTOR
C. Facebook
D. YouTube

5. Plagiarism refers to:

A. Proper citation of sources
B. Using another person's work without acknowledgment
C. Summarizing a text in one's own words with citation
D. Paraphrasing with proper citation

6. Which citation style is commonly used in the social sciences?

A. APA
B. Vancouver
C. Bluebook
D. IEEE

7. Which of the following are Boolean operators commonly used in database searching?

A. AND, OR, NOT
B. PLUS, MINUS
C. ADD, REMOVE
D. YES, NO

8. When evaluating a source for credibility, a researcher should primarily check:

A. The author, currency and reliability of the source
B. The color of the cover
C. The length of the document
D. The font style used

9. A secondary source of information is one that:

A. Provides firsthand accounts of events
B. Interprets or analyzes primary sources
C. Is always more reliable than a primary source
D. Cannot be cited academically

10. The main purpose of a bibliography at the end of an academic work is to:

A. List all sources consulted or cited in the work
B. Summarize the entire document
C. Provide an abstract of the study
D. Give the author's biography

SECTION B: SHORT ANSWER QUESTIONS

Instruction: Answer the following questions concisely in the space provided. Each question carries equal marks.

11. Define information literacy and explain its importance to university students.

_____

_____

_____

_____

_____

_____

_____

12. Distinguish between primary, secondary and tertiary sources of information.

13. Explain the steps involved in an effective information search process.

14. Discuss the ethical use of information, including the avoidance of plagiarism.

15. Explain the criteria used for evaluating the credibility of information sources.

16. Discuss the role of academic libraries in promoting information literacy.

17. Explain how Boolean operators are used to conduct effective database searches.

18. Discuss the difference between referencing and citation in academic work.

19. Explain the significance of copyright and intellectual property rights.

20. Discuss the challenges posed by information overload in the digital age.

SECTION C: ESSAY QUESTIONS

Instruction: Answer the following questions in essay form. Support your answers with relevant examples, theories and, where appropriate, references to the Kenyan and wider African context.

21. Critically discuss the importance of information literacy skills for academic and lifelong success.

22. Examine the process of conducting an effective literature search for a research project.

23. Discuss strategies for evaluating the reliability and credibility of information found online.

24. Analyze the ethical and legal issues surrounding the use of information, including plagiarism and copyright.

25. Discuss the role of academic libraries and electronic databases in supporting research.

26. Examine the impact of digital technology on access to and the use of information.

27. Discuss the steps involved in organizing and citing sources using a recognized referencing style.

28. Critically assess the challenges students face in developing strong information literacy skills.

29. Discuss the relationship between information literacy and lifelong learning.

30. Examine the role of critical thinking in the evaluation and use of information.

UNIT 5

ARW101

ACADEMIC READING AND WRITING

Structure of this Unit's Question Bank

Section A — Multiple Choice Questions: 10 questions, each with four options (A–D).

Section B — Short Answer Questions: 10 questions requiring concise, structured written responses.

Section C — Essay Questions: 10 questions requiring detailed, well-argued essay responses.

Total: 30 questions. Writing space has been provided for practice under this unit. No answers are provided.

SECTION A: MULTIPLE CHOICE QUESTIONS

Instruction: Read each question carefully and choose the correct answer by underlining or circling the letter of your choice.

1. Skimming a text involves:

A. Reading every word carefully
B. Quickly reading to get the general idea of a text
C. Memorizing the text
D. Translating the text into another language

2. A thesis statement is best described as:

A. The title of an essay
B. The main argument or claim of a paper
C. A list of references used
D. A summary of sources consulted

3. Which of the following is a defining feature of academic writing?

A. Informal language
B. Objectivity and evidence-based argument
C. Frequent use of slang
D. Personal opinion without evidence

4. Paraphrasing means:

A. Copying a text word for word
B. Restating information in one's own words
C. Quoting a source directly
D. Ignoring the original source

5. An annotated bibliography includes:

A. A list of sources with descriptive or evaluative comments
B. Only the titles of sources
C. A table of contents
D. An index of key terms

6. The introduction of an academic essay should primarily:

A. Present the conclusion of the essay
B. Introduce the topic and thesis statement
C. List all references used
D. Summarize the entire essay

7. Which of the following best describes critical reading?

A. Passive acceptance of a text's claims
B. Analyzing and evaluating a text's arguments
C. Reading quickly without comprehension
D. Memorizing the text word for word

8. Cohesion in academic writing refers to:

A. The logical connection between ideas and sentences
B. The length of paragraphs
C. The font size used
D. The number of citations included

9. A topic sentence is usually found:

A. At the end of a paragraph
B. At the beginning of a paragraph
C. Only in the conclusion
D. In the title of the essay

10. Which of the following is a correctly formatted in-text citation in APA style?

A. (Smith, 2020)
B. Smith said…
C. [1]
D. See footnote 1

SECTION B: SHORT ANSWER QUESTIONS

Instruction: Answer the following questions concisely in the space provided. Each question carries equal marks.

11. Explain the key stages involved in the academic writing process.

12. Distinguish between skimming and scanning as reading techniques.

13. Discuss the main characteristics of good academic writing.

14. Explain the importance of paraphrasing and summarizing in academic work.

15. Discuss the typical structure of a standard academic essay.

16. Explain the concept of critical reading and its importance in academic study.

17. Discuss the role of coherence and cohesion in academic writing.

18. Explain strategies for avoiding plagiarism in academic writing.

19. Discuss the purpose and structure of a well-developed academic paragraph.

20. Explain the importance of proofreading and editing in the academic writing process.

SECTION C: ESSAY QUESTIONS

Instruction: Answer the following questions in essay form. Support your answers with relevant examples, theories and, where appropriate, references to the Kenyan and wider African context.

21. Critically discuss the stages and strategies involved in producing an effective piece of academic writing.

22. Examine the techniques for effective critical reading of academic texts.

23. Discuss the essential elements of a well-structured academic essay.

24. Analyze the importance of referencing and citation in maintaining academic integrity.

25. Discuss common challenges students face in academic writing and strategies for overcoming them.

26. Examine the difference between descriptive writing and analytical or critical writing.

27. Discuss the role of note-taking strategies in supporting academic reading and writing.

28. Critically assess the importance of audience and purpose in shaping academic writing.

29. Discuss strategies for developing a strong, well-supported argumentative essay.

30. Examine the relationship between reading comprehension and writing competence.

UNIT 6

SSC 101

INTRODUCTION TO SOCIAL SCIENCE

Structure of this Unit's Question Bank

Section A — Multiple Choice Questions: 10 questions, each with four options (A–D).

Section B — Short Answer Questions: 10 questions requiring concise, structured written responses.

Section C — Essay Questions: 10 questions requiring detailed, well-argued essay responses.

Total: 30 questions. Writing space has been provided for practice under this unit. No answers are provided.

SECTION A: MULTIPLE CHOICE QUESTIONS

Instruction: Read each question carefully and choose the correct answer by underlining or circling the letter of your choice.

1. Social science is best defined as the study of:

A. Natural phenomena
B. Human society and social relationships
C. Chemical reactions
D. Physical laws of matter

2. Which of the following is NOT generally considered a social science discipline?

A. Sociology
B. Physics
C. Economics
D. Psychology

3. The scientific method as applied in social science research involves:

A. Guesswork
B. Systematic observation, hypothesis testing and analysis
C. Personal opinion alone
D. Religious belief

4. Which research approach relies primarily on numerical data and statistical analysis?

A. Qualitative research
B. Quantitative research
C. Historical research
D. Descriptive narrative alone

5. Socialization refers to the process by which individuals:

A. Learn societal norms and values
B. Earn an income
C. Migrate to new regions
D. Vote in elections

6. Which of the following is considered a basic unit of social organization?

A. The family
B. A molecule
C. An atom
D. A cell

7. Culture, as studied in social science, consists of:

A. Only material objects
B. Shared beliefs, values, norms and practices
C. Government policies only
D. Individual personality traits

8. Which social science discipline focuses mainly on the production and distribution of resources?

A. Economics
B. Anthropology
C. Geography
D. History

9. A social institution refers to:

A. A physical building only
B. An established pattern of behavior organized around a social need
C. A government ministry only
D. A private company

10. Which of the following best describes anthropology as a discipline?

A. The study of celestial bodies
B. The study of human beings, culture and evolution
C. The study of chemical compounds
D. The study of legal systems only

SECTION B: SHORT ANSWER QUESTIONS

Instruction: Answer the following questions concisely in the space provided. Each question carries equal marks.

11. Define social science and outline its major branches.

12. Distinguish between the social sciences and the natural sciences.

13. Explain the significance of the scientific method in social science research.

14. Discuss the concept of culture and identify its major elements.

15. Explain the process and agents of socialization.

16. Discuss the major social institutions and their functions in society.

17. Explain the difference between qualitative and quantitative research approaches.

18. Discuss the relationship between sociology and other social science disciplines.

19. Explain the concept of social stratification.

20. Discuss the role of social science in understanding contemporary societal problems.

SECTION C: ESSAY QUESTIONS

Instruction: Answer the following questions in essay form. Support your answers with relevant examples, theories and, where appropriate, references to the Kenyan and wider African context.

21. Critically discuss the nature, scope and importance of social science as a field of study.

22. Examine the major branches of social science and analyze their interrelationships.

23. Discuss the contribution of the scientific method to the development of social science knowledge.

24. Analyze the role of culture in shaping human behavior and social organization.

25. Critically discuss the process of socialization and its major agents.

26. Examine the major theoretical perspectives used in social science analysis, such as functionalism, conflict theory and symbolic interactionism.

27. Discuss the significance of social institutions in maintaining social order and stability.

28. Critically assess the relevance of social science research to policy formulation and national development.

29. Discuss the concept of social change and the major factors that drive it.

30. Examine the key ethical considerations involved in conducting social science research.

UNIT 7

PSC 102

FUNDAMENTALS OF POLITICAL SCIENCE

Structure of this Unit's Question Bank

Section A — Multiple Choice Questions: 10 questions, each with four options (A–D).

Section B — Short Answer Questions: 10 questions requiring concise, structured written responses.

Section C — Essay Questions: 10 questions requiring detailed, well-argued essay responses.

Total: 30 questions. Writing space has been provided for practice under this unit. No answers are provided.

SECTION A: MULTIPLE CHOICE QUESTIONS

Instruction: Read each question carefully and choose the correct answer by underlining or circling the letter of your choice.

1. The concept of the separation of powers was famously popularized by:

A. Montesquieu
B. Aristotle
C. Machiavelli
D. Karl Marx

2. Which branch of government is primarily responsible for making laws?

A. The Executive
B. The Legislature
C. The Judiciary
D. The Bureaucracy

3. A constitution is best described as:

A. A set of informal customs only
B. The supreme law establishing the framework of government
C. A political party manifesto
D. An international treaty

4. Which of the following is a defining feature of a democratic system of government?

A. Rule by a single dictator
B. Periodic free and fair elections
C. Hereditary succession to office
D. Absence of political parties

5. The concept of checks and balances primarily ensures:

A. Concentration of power in one branch of government
B. Mutual oversight among the branches of government
C. Elimination of the judiciary
D. Permanent one-party rule

6. Which political ideology emphasizes individual liberty, private property and limited government?

A. Liberalism
B. Communism
C. Fascism
D. Anarchism

7. A unitary system of government is one in which:

A. Power is shared equally between central and regional governments
B. Power is concentrated in a central government
C. There is effectively no central government
D. Power rests solely with the judiciary

8. In international relations, sovereignty primarily refers to:

A. A state's supreme authority within its own territory
B. Membership of the United Nations
C. A state's military strength
D. A state's level of economic wealth

9. Which of the following best defines an interest group?

A. A political party seeking to win public office
B. An organization that seeks to influence government policy without itself seeking office
C. A branch of government
D. A judicial body

10. Political socialization refers to the process by which individuals:

A. Acquire political values, beliefs and attitudes
B. Vote in elections only
C. Join political parties only
D. Become civil servants

SECTION B: SHORT ANSWER QUESTIONS

Instruction: Answer the following questions concisely in the space provided. Each question carries equal marks.

11. Define politics and distinguish it clearly from political science.
